Your Missionaries to the Republic of Palau

July 2018

Dear Brothers and Sisters in Christ,

Do you know 100%, without any doubt you will be in Heaven when you die? At a recent meeting I was allowed to give the gospel during the service and a man came forward and accepted Christ. The Pastor of the church dealt with the man during the invitation then recounted the story to me later (hopefully I get all the facts correct). The gentleman had been a member of the church for years and had made a profession of faith years before that. However, one day the man let an inappropriate word slip out under his breath. An unsaved friend nearby heard him and confronted him saying "I thought you were a Christian and you talk like that?" The saying convicted the man so that it bothered him for several weeks, leaving him with the question "Am I saved?" The man continued attending services, but did not respond despite the Holy Spirits' urging and being given the opportunity. Finally, the man could not take the conviction any longer and came forward. Not long after coming forward he prayed and accepted Christ as his personal Savior. If you read the question above and the answer you said in your heart was "I hope I am saved" or "I think I am saved" talk to the pastor of the church you are likely standing in. Let him show you how YOU CAN KNOW you are saved. Make sure you KNOW without question you are on your way to Heaven.

We praise God that we were able to play some small part in what the Holy Spirit was doing in that man's life. We are also excited to see the Holy Spirit's working here in the United States and know that He is also working in Palau preparing the hearts of individuals to receive the Gospel. Please continue to pray that God would give us boldness to share the gospel with those we encounter in the community and from the pulpit. Pray that God would use us to see more people accept Christ as their Savior.

We praise the Lord that we are at 52% of our required support and that recently a Pastor in Michigan was able to get us in contact with a local sea captain who helped us do some more sailing training. Thank you to those of you praying for our support and that we can keep training. Recently I met with four Pastors that have expressed interest in possibly having us present our ministry. Please pray those churches will have openings in their calendars, that they will have us in to present and they will take us on. We ask that you pray for our safety as we travel. This fall and winter we have meetings in Michigan, Wisconsin, Iowa, Arizona and California. Pray that we partner with the right churches and that God would be preparing the Palauan people's hearts or our arrival.

In Christ,  
Jeremy Dahlquist
